Laboratory
Advisory Board
Meeting •
January 16, 1998**

**The Proficiency
Testing Oversight
Body Meeting •
January 16, 1998**

*Mark Your
Calendars!!*

The NELAC Standards were approved in Dallas! Much work remains, including further revisions to the Standards and addressing issues on implementation. This Interim Meeting provides the NELAC standing, administrative, and ad hoc committees an opportunity to conduct face-to-face working sessions with all NELAC stakeholders. The preliminary agenda, along with registration, travel, and lodging information, will be made available in a pre-meeting announcement to be mailed later this month. Watch for yours!

National Environmental
Laboratory Accreditation
Conference

*Sponsored by the U.S. Environmental Protection Agency
in cooperation with the States, Territories, and other Federal agencies.*
